#### **Senior Citizens Sub-committee – Diane Green (Norma)**

- DFTA – Keep funding levels consistent to allow all Senior Centers in CB11 to remain open and operating at current standards (Efforts to consolidate DFTA services will disproportionately impact CB11 seniors, who already had limited access to senior services. Centralizing senior centers will make them less accessible to senior citizens who have mobility problems.)
- DFTA – Increase funding for Meals on Wheels programs serving CB11 seniors (CB11 senior citizens who live on fixed-incomes and are immobile must have easier access to Meal on Wheels program. The program must be better promoted and streamlined in low income communities like East Harlem.)

#### **Immigration Sub-committee – Vacant**

Cross-town traffic through Central Park at 96th Street and 97th Street often blocks the intersection and produces additional congestion. Double parked cars adjacent to Mt. Sinai Hospital along Madison Avenue produce added congestion. A traffic officer is needed to regulate flow and ensure vehicles don’t needlessly block the intersection.)
