The **We Are All New York (WAANY) Fellowship** is seeking emerging leaders working for community, faith-based, government, or non-profit organizations in NYC to join this exciting 10-month leadership development program focused around the 2020 Census. The 2019-2020 cohort will begin in September 2019.

This special cohort of WAANY will give fellows the opportunity to get intimately involved with census engagement efforts in their organizations, boroughs, and the greater NYC community. Through monthly committee meetings, fellows will play an inherent role in making NYC count.
